Most of the youngmen were clever members of the Parisian Vaudevilles which gave an excellent performance last season at the Grand, and several capable new performers have been added to the organization. The Twentieth Century Vaudevilles are now nightly rehearsing a splendid program and it may confidently be expected that they will give a strictly first-class performance. They have a number of really clever people in the company and will surely succeed in pleasing the public.

The Twentieth Century Vaudevilles expect to visit Cynthiana, Georgetown, Winchester, Mt. Sterling, Millersburg, Carlisle, and probably several other neighboring towns.

Prof. Boone in Ohio.

PROF. E. H. BOONE, the hypnotist, played to large crowds last week in Hamilton, and astonishing the people at the Globe opera-house by awakening Will McNamara, who had been hypnotized for fifty-one hours. Prof. Boone also did mystifying feats in mind-reading. The Daily News and Daily Democrat also tell of Prof. Boone's successful experiments upon Prof. R. B. Williams, a leading citizen of Hamilton, who has been an invalid for two years from rheumatism. Prof. Williams was wheeled in a chair from his hotel to the theatre, but Prof. Boone soon had him up on the stage, walking, and using his arms. The papers pronounced the experiment upon Prof. Williams as truly wonderful.

Turnpike Talk.

ONE hundred and fifty men rode into Vanceburg Friday to the residence of the County Judge and informed him that they had just traveled twenty-five miles of turnpike road and had removed five toll-gates. Nobody has been arrested, and nobody seems to be afraid of arrest.

The stockholders who are asking Garrard county to pay \$2,000 a mile for a part of the Lexington and Danville turnpike are asked to explain why the officers of the company made a sworn statement last fall, when the road was assessed for taxation, to show that the stock of the company was worth only one-twentieth of its par value.

Work Of The Charity Relief Committee.

THE NEWS is authorized to state that the Charity Relief Committee will not aid healthy, able-bodied persons who apply indiscriminately for aid. Many such daily appeals are necessarily refused at the court-house because they are deemed unworthy. Recommendation must be had from reliable, trustworthy citizens. The bureau for receiving donations is now in the Lileston building opposite the Opera House. Contributions are earnestly solicited.

B., trial 2:17½, by Jeb Stuart, dam by Nicholas Chief, and Cyril C, trial 2:20, by Cyclone, dam by Victor Von Bismark—for \$1,450. Dan Morris delivered the team Friday afternoon. The team is probably the handsomest and fastest that has been sold in this section for a long time.

Saved By His Sister.

THE two-year-old son of John Fitzpatrick, of Seventh street, narrowly escaped death by drowning yesterday. The little fellow fell headfirst into a tub of water and would have drowned had not his little sister Margaret, aged four years, who was nearby, pulled him out.

NEVER go away from home without a bottle of Dr. Bell's Pine Tar Honey. Change of climate, change of apartments or exposure may bring on a cold which nothing but this famous remedy will cure.

Millersburg Wants It.

THE Odd Fellows Lodge at Millersburg, which has lately increased from ten to sixty-five members, is taking steps to secure control of the Kentucky Wesleyan College building at Millersburg, and will ask the Kentucky Grand Lodge to locate the proposed Orphans Home at Millersburg.

The old K. W. C. building is well adapted for this purpose and would be a most desirable location. It is a large three-story brick building, in good repair, and is located upon splendid grounds in a healthy moral neighborhood. The Grand Lodge could not secure a better location, and we hope to see the Orphans Home located in Millersburg.

Frank & Co. are receiving daily the very latest styles in Spring Dress Goods.

The X-Rays In Paris.

DRS. H. H. ROBERTS and Will Ussery are not satisfied if they are not up-to-date. Just one year ago Herr Roentgen discovered the famous X-rays, and this week Drs. Roberts and Ussery have one of the perfected X-Ray outfits in operation at their offices on Pleasant street. The X-ray is the marvel of the scientific world and will be of untold benefit to the medical profession. Drs. Roberts and Ussery will use it in making skiagraphs and viewing fractures of broken bones and locating foreign substances and diseased parts in the body.

In a practical demonstration yesterday the writer looked through a fluoroscope and saw the bones of his own arm and hand, a key hidden in the center of a 2,000-page book, the contents of a sealed package of jewelry, and a ring and coin placed in a pocketbook. A pair of scissors wrapped in a napkin and a roll of paper, then placed in a wooden box, were readily seen with the aid of the fluoroscope and the X-rays.

The most wonderful experiment made yesterday, however, was with a small colored boy. By the use of the X-rays the boy's ribs and vertebrae were clearly visible to the eye of the spectators.

This is probably the only X-ray outfit in Kentucky, and its purchase speaks volumes for the enterprise of Drs. Roberts and Ussery.
